PROJECT HIGHLIGHT

BRIDGE 202 OVER MULBERRY BRANCH - SHALLOTTE, NC

NCDOT awarded Civil Works Contracting the contract to replace Bridge 202 over Mulberry Creek in late 2022. Our bridge division has recently completed the installation of a temporary bridge to create an accessible detour route.

CAROLINAS AGC 2022 CONSTRUCTION EXCELLENCE AWARDS

The CAGC Construction Excellence Awards honor the Port of Wilmington - Upgrades to South Gate Container Complex and is recognized by the CAGC Pinnacle Award Judges as a project of distinction.

"Highly technical and intricate, the Port of Wilmington South Gate Container Complex was a multi-phased project that included a complete reconfiguration of the container traffic entering and exiting the Port, eleven acres of comprehensive site development, six independent structures, and extensive logistical coordination to ensure existing activities were not interrupted. The project's end result—to speed up entering and exiting times—was successfully accomplished." - Carolinas AGC
