

PROJECT HIGHLIGHT NCSPA

We've successfully completed a major rail expansion at the Port of Wilmington Intermodal Yard, delivering four new storage tracks, one crossover track, and the installation of eight new rail switches. This increases the yard's overall capacity, allowing for more efficient staging, switching, and movement of railcars within the facility. The improvements streamline daily operations, reduce congestion, and strengthen the Port's ability to handle growing freight demand. By enhancing both flexibility and throughput, this expansion positions the Port of Wilmington to better serve its partners while supporting continued economic growth across the region.

— HEAVY JOB CHAMP! —

We're proud to recognize Luis Carbajal as this month's Heavy Job Champion for his dedication and impact within our Railroad Division. Luis consistently brings a strong work ethic, attention to detail, and a team-first mindset to every project, helping keep operations running smoothly, safely, and on schedule while supporting the crew wherever needed.

NATIONAL CONSTRUCTION — SAFETY WEEK —

National Construction Safety Week is an opportunity to reinforce our commitment to protecting the people who make our work possible. Across every jobsite, safety is more than a requirement—it's a shared responsibility built on planning, communication, and accountability. By focusing on best practices, continuous training, and looking out for one another, we create an environment where everyone goes home safe at the end of the day.

MEMORIAL DAY REMEMBRANCE

As we take time this Memorial Day, we remember the true meaning behind the holiday, honoring the brave men and women who gave their lives in service to our country. We reflect with gratitude, recognize their sacrifice, and keep their memory at the forefront as we spend time with family and friends. CWC will be closed on Monday, May 25th, in observance of the holiday.
