SITE DOCS - CWC'S NEWEST SOFTWARE

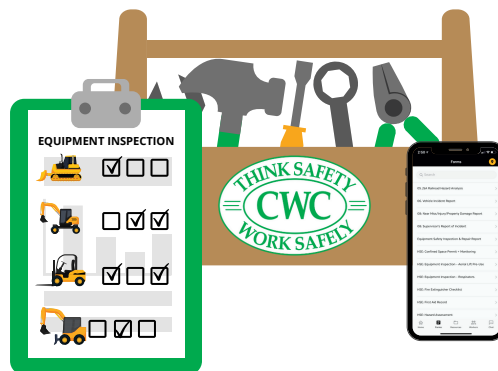

WHAT IS IT? HOW IS CWC IMPLEMENTING IT?

SiteDocs is a cloud-based paperless safety program that will give users mobile access to CWC's safety resources.

We are looking to SiteDocs as a more efficient and accessible way to encourage safe work practices as well as promote a stronger safety culture. Each Civil Works employee is **REQUIRED** to be enrolled in SiteDocs and is expected to complete the weekly "Tool Box Talks" and "Daily Equipment Inspections."

EACH MONTH CWC WILL BE CHOOSING ONE EMPLOYEE THAT HAS GONE ABOVE AND BEYOND IN LEARNING ABOUT AND IMPLEMENTING SITEDOCS DAILY.

- ★ ACCESS ON YOUR PERSONAL DEVICE
- ★ WEEKLY TOOLBOX TALKS
- ★ DAILY EQUIPMENT INSPECTION
